John Walsh, chairman of the committee to secure quarters in Washington for the coming G. A. Encampment, returned with the committee last night. The contracts were here in waiting and this morning they were properly signed. THERE are 150,000 miles of railroad in operation in the United States, giving employment to over a million persons. The New York elevated carries more people than any other railway in the world, carrying an average of 520,000 per day.

THE lateness of our issue yesterday could not be avoided. Some of the material arrived two hours late and we could not possibly get the paper out in time to catch all the omnibuses. We ask the pardon of those who were disappointed.

A FEW weeks ago the city of Augusta was made \$500 richer by two of our saloon keepers, each paying to the treasurer, \$250. They had been granted license at \$250 each, but thinking that not enough, turned over to the town \$500 more.—Augusta Chronicle.

It has been definitely decided that Governor McKinley of Ohio will deliver the formal opening address at the dedication of the big convention hall at Minneapolis, on the night before the opening of the Republican National Convention. HENRY TENNEY was drowned off the towboat *Beaver* below Memphis. He lived at Louisville, and leaves a family.

THE only man that has been arrested and fined for drunkenness in the Mt. Olive Police Court during the past year was from Mason county, says *The Robertson Advance*. In another part of the same paper we find the following:

"While returning home from Mt. Olive Monday, Jed Maines accidentally shot his brother William in the head, inflicting a severe scalp wound. Too much 'booze'."

Perhaps they don't fine their own people.

City Council.

The adjourned meeting of the City Council was held in the Council Chamber last evening. President Cox in the chair. Eleven members were present. The meeting was to hear complaints from taxpayers in regard to the action of the Board of Equalization. No complaints being made the report of the Board was adopted and made a part of the Assessors book, and the whole received as the assessment for this year.

A permit was granted Mrs. Charles Newdigate to erect a frame dwelling on Fourth street.

Some Pension Figures.

According to the report of the Pension Commissioner there were on June 30th, 1891, 676,160 pensioners on the roll. According to the same report there were on that date 688,549 survivors of the army and 879,908 dead soldiers not yet represented by widows or dependent relations, making a total of 1,568,457 persons entitled to be placed on the roll under existing laws. Of this number 928,473 had placed their applications on file in the Pension Office on or before June 30th, 1891. In the last fiscal year the payment of \$76,000 pensions required the expenditure of \$118,500,000, and it is calculated, on the most conservative basis, that it will require to pension those whose applications are now before the Pension Office, and whose claims, according to the Commissioner's estimate, will be allowed within a period of three years, the enormous sum of \$169,700,000 more, which, added to the present annual expenditure, gives a grand total of \$281,000,000 for pensions alone.

THE New York Stock Exchange is a hundred years old.

THE Kentucky Homoeopathic Society will meet in Danville next year on the third Tuesday in May.
